

DCWarehouse Automation System Differentiators

DCSC, Inc. provides a robust Warehouse and Materials Management System exclusively for Sage® MAS 500. This is not a typical ERP *associated* solution but a full-blown WMS/Supply Chain built as a completely integrated module that truly works in real-time. With over seventy installations across the nation and beyond – DCWarehouse Automation is a proven solution with many reference clients.

DCWarehouse Automation® and DCWMS Suite Attributes:

- Real Time integration with Sage MAS 500 from Order Processing, Receiving and Inventory Control/Warehousing to Manufacturing, Distribution, and Processing of RMA's.
- RF communication with Shop Floor, Handheld, Personal Digital Devices (PDA's), & Electronic Tags (RFID Ready) and new .Net Remote Sales Capability.
- Intelligent Inventory Bin Replenishment functionality in real time.
- Virtual Warehouse Management with multiple locations by SKU in multiple bins.
- Pallet Control with License Plate read/write capability.
- Supports Multiple Picking Methodologies-Zone Picking, Simple Picking, Pick to Box, Wave Picking, Ready-To-Ship and more!
- Optimization of warehouse and inventory capacity including movement, and placement.
- Supports Lean and Work Center Manufacturing and Back-Flushing.
- Create/Read/Write any industry compliant bar-code - **Built in Label Software-Not Third Party.**
- EDI integration to various popular EDI Software Packages and Integration Ready for More!
- Packaging Manager built in Same Tool Set as Sage® MAS 500 - **Not Third Party.**
- Container Building, Tracking and Receiving.
- Rate Shopping and Tracking with UPS, FedEx, DHL, USPS, and LTL's.
- Apply Rules Based Freight and FOB Charges.
- Robust Real Time Analysis on critical WMS information; materials and labor activities.
- Capable of processing thousands of transactions from multiple locations.
- One system to learn rather than many – "Complete Not Complex!"
- Eliminates many tedious steps for inventory and materials control.
- Developed and Supported by DCSC Inc. who's team members have years of distribution, fulfillment and manufacturing experience.

DCSC Inc. has over eighteen years of experience in both **distribution** and **discrete manufacturing**. We sold and implemented the Sage MAS 500 Solution since it's early origins and built our software to improve and extend the Sage MAS 500 Base Solution. DCWarehouse was designed with input from our **valuable** clients.
