## WHAT OUR CLIENTS ARE SAYING ABOUT EDP.PAYROLLTAX

*“A Web-native solution for compliance is consistent with the trend toward more and more Web-based solutions in the payroll industry today. We see the benefit of eDP.PAYROLLtax — with 24/7 access to our reports and tax returns from any browser.”*

— Payroll Manager, Global Energy Company

*“Because it’s Web-native and browser-based, eDP.PAYROLLtax is a great step forward in payroll tax compliance. We pay taxes for our clients to more than 2,500 federal, state and local taxing agencies. The 15 people in our tax department could easily be three or four times that many without eDP.PAYROLLtax.”*

— Vice President, Operations, Leading Payroll Service Provider

## WEB-NATIVE ARCHITECTURE

With eDP.PAYROLLtax, Sage Compliance Services has engineered a fully Web-native solution, built from the ground up to take advantage of the freedom, flexibility, and functionality of the Internet. This means that eDP.PAYROLLtax is:

- Easy to learn, use, and navigate. If you can use a browser, you can operate the system.
- Easy to maintain. Requirements for internal technical support and maintenance are minimal.
- Easy to update. Compliance updates and upgrades are simple, and will not interrupt your workflow.
- Easy to customize. The system can be configured to meet your exact needs for compliance and processing.
- Integrated Sage Compliance Services Web Module. The system functions as a tightly integrated unit within the FLS eDP.PAYROLLtax suite of patent pending compliance systems. So there’s no need to switch back and forth between different applications.

What about security? eDP.PAYROLLtax is extremely secure, integrating the latest security protocols to protect your data and work environment.

## A FLEXIBLE SOLUTION

Insource or outsource, Sage Compliance Services is your best source for payroll compliance. Our unique ability to offer both software and outsourcing services using the same data set allows you to choose the compliance method that fits your business strategies.

The Sage Compliance Services Continuum eliminates the distinct line that formerly existed between insourcing and outsourcing. With eDP.PAYROLLtax, you have flexibility that other solutions can’t offer.

- Insource. Utilize eDP.PAYROLLtax internally to handle payroll tax processing —the same software Sage Compliance Services uses to support our outsourcing clients. This gives you maximum flexibility and control over your data. Your compliance processes are simpler than ever.
- Outsource. Your payroll tax processes can be outsourced. Want to check the status of a deposit or return, or view a summary report? With eDP.PAYROLLtax, your system data and reports are available to you online, all the time.
- Anything in between. Is there a portion of the compliance process you prefer to maintain yourself, while we handle the rest? No problem. You benefit from the flexibility of the solution, whether you choose insourcing, outsourcing, or a hybrid solution.

## SAGE COMPLIANCE SERVICES

### SAGE COMPLIANCE SERVICES — A PROVEN PARTNER

#### Dedicated to Employer Compliance

Sage Compliance Services is your premier provider of solutions for employer compliance. We automate payroll tax payments and filings, and W-2 and 1099 processes for employers in every industry, including more than 20% of the Fortune 500 and hundreds of government agencies.

We're guided by our vision to ease our client's burden of government reporting and compliance. We provide solutions that automate the employer compliance process, minimizing the risk of penalties, and allowing businesses to focus on what they do best.

#### Sage Compliance Services Leads the Way

At Sage Compliance Services, we believe the best way to serve our clients is to be the best at what we do. That's why we only do compliance.

We perform the tasks of tax research, programming, and government approvals so that our clients don't have to. Our National Tax Specialists keep current on the latest regulations and incorporate all regulatory requirements into Sage Compliance Services solutions. Engineering professionals implement compliance changes and client-driven enhancements throughout the year. Thorough testing by our Compliance department ensures that our solutions continue to meet client needs long into the future.

Sage Compliance Services introduced the industry's first payroll tax automation tool. Since then, we've been the market leader, continually innovating with new tools and services, and setting the industry standard for compliance solutions and service.

#### Technological Innovation

Sage Compliance Services are based on the Best Practices of the Fortune 500 and are built on leading-edge, Web-native technology, giving our clients the confidence that their compliance processes are handled perfectly, every time.

We develop our products with a vision that they can be deployed in a wide array of environments, whether a single-user local installation or an enterprise-wide distributed deployment. To ensure compatibility with existing infrastructure, our solutions include interfaces to all leading ERP and payroll systems currently on the market.

#### Working for Our Clients

Sage Compliance Services takes an active role on national compliance issues that impact businesses like yours. Our executives and tax specialists participate in payroll and human resources organizations, as well as tax and electronic commerce associations.

We assign a liaison to numerous government committees, frequently in leadership positions. Because we lead the compliance marketplace, our executives are frequently sought after as presenters at national trade and association meetings.
