

Sage Abra

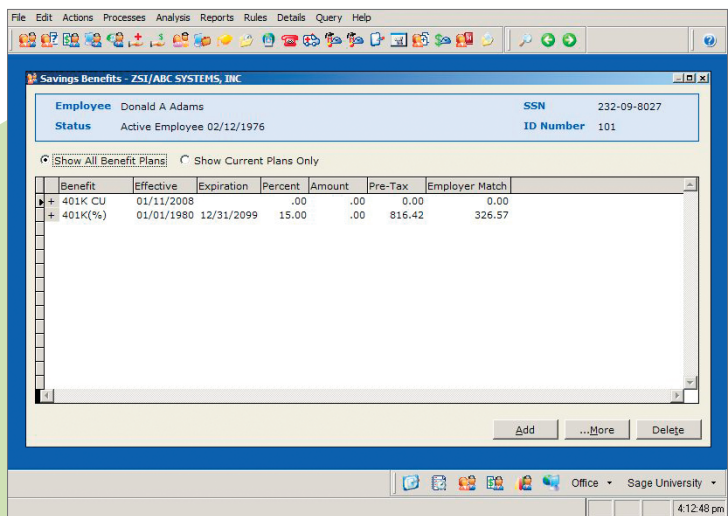

Sage Abra HR

Ensure government compliance, simplify benefits administration, and manage employee information with Sage Abra HR. By automating and organizing human resource processes, Abra HR eliminates time-consuming clerical work and provides powerful tools for managing information about employees—your organization's greatest asset and investment. Abra HR features benefits management capabilities that streamline benefits administration with unlimited benefits plans, easily defined eligibility criteria, benefit plan setup wizards, and more. Convenient features make it easy to readily access important personnel information such as job history, performance reviews, education, and employee attachments. Plus, Abra HR integrates with Microsoft Office, making it easy for you to view and analyze data in Microsoft Word and Excel for on-the-spot decision making.

It includes robust reporting capabilities that satisfy virtually all of your compliance needs. For U.S. companies, Abra HR reporting tools include over 100 standard reports, such as OSHA compliance, EEO Reports, and Vets-100, as well as a wide variety of benefit reports, compensation reports, and more. Compliance reports for Canada include Social Insurance Number (SIN) formatting, Employment Equity (EE) audit reports, Occupational Health and Safety (OHS) reports, and Workers' Compensation reporting. Abra HR also comes complete with Crystal Reports for your more complex reporting requirements, as well as Abra Secure Query, an easy-to-use report writer that guides you through the query process in easy-to-understand steps.

When combined with Sage Abra ESS, Abra HR can significantly reduce the amount of time HR departments spend on routine paperwork. Whether your company is automating human resource processes for the first time, or upgrading to full-featured HR process automation, Sage Abra is the solution to reduce administrative overhead, save time, and decrease costs.

From developing innovative products to providing award-winning customer support, Sage is dedicated to surpassing your expectations. Our software is supported by a nationwide network of Certified Business Partners who are your resource for implementation, training, service, and support.

FEATURES

| | |
|---|--|
| Quick Access to Critical Information | Empower your human resource staff with vital information when they need it! Easily view key employee information, including demographics, insurance and savings benefits, skills, education, compensation, and employee attachments. |
| Comprehensive Benefits Management | Quickly and easily create accurate savings and insurance plans, as benefit plan set-up interviews take you step-by-step through the entire process. You can track unlimited benefit plans, define eligibility criteria, and automatically calculate precise employee, dependent, and employer premium and benefits costs. Benefits history reporting allows you to generate reports on employees' prior benefit elections, and changing employees' benefit plans from the current year to the following year can be accomplished with a click of a button. |
| Analysis Tools | Drill down to specific information with analysis tools for fast evaluation of human resources data. Quickly investigate critical areas such as salary, turnover, and performance issues. |
| U.S. Government Compliance and Reporting | For Sage Abra SQL and Sage Abra Suite – U.S. Edition only. Increase accuracy and eliminate costly mistakes by accurately managing government requirements for regulations such as EEO-1, EEO-4, I-9 Citizenship Verification, and Vets-100. Identify problem areas to help improve safety and meet OSHA regulations with accident and workers' compensation claims tracking. |
| COBRA and HIPAA Compliance | For Sage Abra SQL and Sage Abra Suite – U.S. Edition only. Take the hassle out of COBRA and HIPAA compliance. In addition to automated, personalized notification letters that describe coverage options and costs, Abra HR provides billing statements, mailing labels, and complete eligibility reports for COBRA management. It also includes a Certificate of Coverage report showing proof of previous health insurance for HIPAA compliance. |
| Canadian Government Compliance and Reporting | For Sage Abra SQL and Sage Abra Suite – Canada Edition only. Manage essential data for government reporting and reduce compliance risks with standard reports including EE audit reports 1-6, OHS accident analyses, WSIB Employer's Report Form 7 (Ontario). |
| Security | With Abra HR, you'll never have to worry about the security of your sensitive employee information. Sophisticated, multi-level security options allow you to control which groups have access to data at any level—even field level. System administrators can create and assign an unlimited number of user IDs and passwords, and audit trails make it easy to identify who made each change by date, time, and type of change. |
| U.S. and Canadian Support | For Sage Abra SQL only. Supports companies with employees in both the United States and Canada. It even includes support for companies with employees in both countries under the same employer.. |
| Powerful Reporting Tool | Robust reporting capabilities included in Abra HR are designed to meet virtually every reporting need. With over 100 standard reports that can be previewed, printed, and exported to a file, you can help improve your company's analytic capabilities and drive better business decisions. Crystal Reports®, one of the most powerful reporting tools on the market, is included with Abra HR and provides over 120 additional, more complex reports and templates, as well as the ability to create custom reports. Additionally, Abra HR comes complete with Abra Secure Query, a report writer that guides you through the query process in easy-to-understand steps, so you don't have to be an IT expert to use it. |
