Sage Abra Toolkit

Tailor Sage Abra HRMS to meet the unique demands of your organization with Sage Abra Toolkit. It includes superior features and functionality that enable you to create menus, processes, actions, reports, screens and fields so you can get the most out of your Sage Abra HRMS solution. With Abra Toolkit you can customize the way Sage Abra HRMS looks and functions so you can effectively track and record information important to your organization. With the power to modify menus and panels, change actions and processes, even adjust reports and toolbars, Abra Toolkit provides you with tremendous flexibility to maximize the benefits of Sage Abra HRMS.

Abra Toolkit gives you ultimate control over how information is categorized and how it is viewed. You can create new fields or whole new panels to capture information in your Sage Abra database. You can also create new actions for employees, applicants, and

requisitions and change the order of existing actions and processes. Additionally, it enables you to create new groups of custom reports and change the order of panels within reports. With Abra Toolkit, you'll have a fully integrated solution that gives your HR department total flexibility in meeting your organization's special requirements.

From developing innovative products to providing award-winning customer support, Sage is dedicated to surpassing your expectations. Our software is supported by a nationwide network of Certified Business Partners who are your resource for implementation, training, service, and support.
