

## Sage Abra Train

Ensure your employees receive the training they need on time, every time with Abra Train. It includes the features that you need to effectively establish and administer internal training programs and keep track of employee certifications. Abra Train includes full management of important training logistics, such as maintenance of class rosters and training locations, as well as the setup and administration of entire training programs that employees are required to complete. It will help you keep on top of employee certifications and continuing education credits by tracking receipt and renewal dates, as well as managing all necessary requirements and prerequisites.

In addition to a full range of training and certification management features, Abra Train also includes a variety of analyses that ensure your program costs are being managed effectively by evaluating cost/benefit relationships and allocating costs accurately and equitably.

Powerful reporting tools include dozens of standard reports, Crystal Reports® Writer, and Abra Secure Query that provide you access to important data. When installed with Abra HR and Abra ESS, Abra Train provides a full training management solution that automates class logistics, gives you the tools you need to control costs, and empowers employees and managers to view course catalogs and other pertinent training information right from their desktop.

From developing innovative products to providing award-winning customer support, Sage Abra is dedicated to surpassing your expectations. Our software is supported by a nationwide network of Certified Business Partners who are your resource for implementation, training, service, and support.

## FEATURES

<b>Enrollment and Tracking</b>	Set up classes, schedule attendance, and manage class rosters for students and instructors. Abra Train can also check class capacities and course prerequisites, and can automatically assign employees to job-based training requirements and assign courses to one employee, groups of employees, or all employees.
<b>Program Management</b>	Define curriculum, or specific sets of courses, that employees must complete in order to achieve desired levels of competency. Schedule employees for the necessary training, track their progress in these programs and make sure that the training is completed on time.
<b>Certifications</b>	Keep detailed records on employees' professional certifications and continuing education credits (CEU), including date received, renewal period, and expiration date. You can also track certifications that are required but have not yet been completed.
<b>Manage Program Costs</b>	Easily manage program costs with built-in analysis tools. Compute training costs by employee, course, job classification or department, and allocate costs accurately and equitably
<b>Training Locations and Logistics</b>	Identify training locations and contact people for each location, as well as location capacity, associated rental costs, and disability access.
<b>Class Correspondence</b>	Personalize pre-formatted class correspondence, such as enrollment letters and completion letters, to meet your communication needs for individual classes.
<b>Employee Attachments</b>	Attach files and objects, such as certificates, diplomas, pictures, or text documents to employees' records, and easily view, edit, or delete them at a later date.
<b>Customization</b>	Abra Train provides the tools you need to customize your system and meet your company's unique training requirements. You can develop your own selection criteria for training, use tables to store common employee selection criteria, create user-defined fields, and design custom pages to hold specialized information.
<b>Reporting</b>	Powerful reporting options provide you with quick access to information. Dozens of standard reports include employee certifications, training history, class rosters, and tuition reimbursements, as well as analyses such as expenses by course, job title, and organizational level. Abra Train also includes Abra Secure Query, an easy-to-use report writer that allows you quick access to data. Additionally, Abra includes integration to—and is bundled with—Crystal Reports Writer for your company's more complex reporting needs.
<b>Security</b>	Security features in Abra Train allow you to restrict access to specific types of information. Assign an unlimited number of user IDs and passwords with access defined for each user, and define each user's ability to view or work with particular pages and fields.
<b>Integration</b>	Abra Train is seamlessly integrated with Abra HR, allowing you to automatically assign training requirements to new hires or promoted employees. Additionally, when implemented with Abra ESS, employees and managers are empowered with access to course catalogs and their personal training information through the Internet or company intranet.
