

SAGE MIP FUND ACCOUNTING

SINGLE USER EDITION

REAL FUND ACCOUNTING FOR SINGLE USER ORGANIZATIONS:

- Cut hours or days off your reporting cycle by creating reports, charts, and graphs within the system, instead of manipulating data with external spreadsheets
- Customize the chart of accounts to quickly and easily access data for more efficient tracking and reporting.
- Track and report on individual funds from multiple sources
- Maintain a clear, complete audit trail, making it easy for auditors to verify accuracy.

Affordable Fund Accounting for Small Nonprofits

To help smaller organizations with limited staff and budgets to access real fund accounting software, Sage Software now offers a special bundle option for organizations that only require a single user license of Sage MIP Fund Accounting.

Unlike off-the-shelf commercial products, Sage MIP Fund Accounting Single User Edition allows growing organizations to afford the full functionality required for real nonprofit financial management—including tracking and reporting on multiple funds across multiple budget periods.

This specially priced Single Users Edition is only available with one seat, and includes seven core fund accounting modules. Your organization has the flexibility to add any additional module available for the standard Sage MIP Fund Accounting system, as your organization grows or your needs change. And when you need to add users to the system, it's easy to upgrade to the full Sage MIP Fund Accounting system.

Easy to Learn and Use

An intuitive interface and One Click navigation makes the system easy to learn and use. Application tasks and reports are grouped by accounting function, including easy-to-understand workflow diagrams and checklists. Customize the system to fit your work habits and your mission—not the other way around.

When you open the Sage MIP Fund Accounting system, you're greeted with the information that is most important to you. You can tailor entry fields, highlight required fields, save favorite reports for easy access, create shortcuts to other applications, and perform tasks more efficiently than ever before.

General Ledger:

The table-driven chart of accounts structure in Sage MIP Fund Accounting is uniquely valuable to nonprofits. Save time by eliminating the need to manually enter each string of possible account combinations every time you receive a new source of funding or start a new project. Record funds, grants, programs, funding sources and more with an unlimited number of segments.

The flexible, built-in report writer helps organizations easily demonstrate financial responsibility in the detailed reports required by funders, internal management, and boards of directors.

Budget:

A powerful planning, compliance monitoring, and forecasting and reporting tool. Expedites recording and tracking available budget for programs and departments.

Accounts Payable:

Track and report on vendor payables, check balances and issue payments.

Accounts Receivable Billing:

Create payment requests for customers and donors and invoice as often as needed with multiple custom billing cycles.

Bank Reconciliation:

Reconcile multiple cash accounts and improve cash management by monitoring balances and transactions within the system.

Data Import/Export:

Easily transfer information to and from the Sage MIP Fund Accounting system into other software systems you rely on.

Forms Designer:

Customize virtually any printed form, including customer billing statements and other invoices, check stock, or insert auto-signatures for check authorization.

*The Single User Edition cannot be used with Executive View licenses.
