

Sales Order Integration with Job Cost

Q: Could you use a better time and material billing system for Job Cost?

✓ **EASY Solution:** With SO-1085 you can link Job Cost and Sales Order at the Sales Order line level. You can also run reports that contain Job Cost, as well as Sales Order information.

Q: Are you tired of having your Job Cost estimates look nothing like your invoices?

✓ **EASY Solution:** With this EASY Solution, you can create quotes and invoices out of Sales Order and link them to a job for future analysis.

Q: Wish that you had the invoicing features of Sales Order and the costing aspects of Job Cost?

✓ **EASY Solution:** SO-1085 gives you the opportunity to use Job Cost for what it what meant for — collecting costs. Create your invoices and quotes out of Sales Order and gain more control over the appearance of your invoices.

Features

- Link Sales Order to Job Cost at the Sales Order Line level.
- Create quotes and invoices out of Sales Order and link them to a job.
- Create better looking job invoices and quotes.
- Run reports that contain Job Cost information as well as Sales Order.
