Glendale, CA 91203

Gentlepersons,

Steve Blythe joined Liga International a little over 11 years ago. The organization has not been the same since.

Steve has brought his knowledge, humor and expertise to Liga like no other. Steve has served on the board, been our treasurer and flown his plane on our clinic trips for most all of those 11 years. Each one of those positions takes a great deal of time and dedication to do well and Steve has done them all exceedingly well.

Steve's greatest contribution however has been to develop one of the most powerful websites in the nonprofit industry. Steve has spent literally thousands of hours singlehandedly developing a website that has transformed the organization. His website runs every aspect of the organization from donors, to volunteers, to clinic operations and even pilot operations. I don't know how we would operate without it.

As busy as he is Steve always makes time for Liga, whether it be to discuss an important board decision or to address a concern about the website. It matters not if it is day or night, if he is at home, at work or on vacation he is always there to help. Steve epitomizes what a true volunteer is.

Liga International would like to thank you for considering Steve Blythe for this award. He is MOST deserving!

Sincerely,

James E. Ott
