

Dimension Funding, LLC
Equipment & Software Financing Made Simple

Financing for Small to Medium Businesses

Dimension Funding provides affordable capital leasing for your IT solution that is easy to acquire and makes smart business sense. Focus on getting what you need, instead of how you will pay for it.

Reduce the up-front cost of purchasing the information technology your business needs to be more efficient and effective.

Introduction

Keep up to date with the latest equipment and software. With Dimension Funding, you can reduce the up-front cost of purchasing the information technology your business needs to be more efficient and effective. Receive the benefits of your technology investment now—and pay over time. Save your cash reserves and line of credit for other needs.

You may simply need to update your software, purchase a complete solution or invest in a new server. Either way, Dimension Funding Financing can finance the entire solution—software, hardware, and implementation services—at a fixed lease rate. This allows you to shift your focus from “How will I pay for it?” to “What do I need?”

Benefits

Easy. Dimension Funding is designed for small business, so you can finance technology solutions costing as little as U.S. \$5,000. The financing is backed by Dimension Funding and is available from your technology partner. You can decide on the solution and apply for financing simultaneously—without investing valuable time looking for other credit sources.

All-inclusive. Dimension Funding provides you with a convenient purchasing option that is rarely available from other sources. Dimension Funding will finance all software-based solutions, whether that is a software-only solution or a more comprehensive IT solution that includes software, hardware, and implementation services. The result? You have one financing provider and a single payment to make each month.

Smart. Dimension Funding is the smart way to acquire the technology you need to make your business run more smoothly. You get a fixed monthly payment with no surprise fees at the end of the agreement. And, you can save your cash and regular credit reserves for investment, expansion, or emergencies.

- **How Dimension Funding Works**

Dimension Funding offers lease terms from 24 - 72 months to meet cash flow needs and the useful life of the equipment. End of Term structures offer the flexibility to walk away from the equipment, purchase for nominal or Fair Market Value, extend the current lease, or upgrade.

As you can see from the comparison table below, Dimension Funding Financing can provide you with distinct advantages over other financing options available to you.

How Does Dimension Funding Compare with Other Financing Options?

Key Questions	Dimension Funding	Other Leasing Companies	Manufacturer
Can you finance Software Licenses	Yes	Only what is included on the hardware	Typically limited to 25% or lease of the total deal size
Can you finance hardware	Yes	Yes	Yes
Can you finance partner services	Yes	No	No

When Is Dimension Funding an Ideal Solution?

Managing cash flow is critical to your business. You need practical tools that help you keep money flowing smoothly. Dimension Funding can help you obtain the technology solutions you need when you face business challenges such as these:

You want a financing option that's quick and easy. Your technology partner can quickly and easily submit your credit application online. It's a simple process that only takes a few minutes, and approval usually happens in a matter of hours. www.dimensionfunding.com/mgrimes.html

You would like to avoid the variable rates associated with credit cards and lines of credit. Dimension Funding gives you an additional financing vehicle to purchase an IT solution.

You are already fully utilizing a line of credit with your bank. Dimension Funding gives you a fixed interest rate. You won't need to worry that the payment will increase during the full term of the loan.

You have other short-term needs for your cash flow. Dimension Funding can reduce the up-front cost of acquiring the solution.

Minimum Eligibility Requirements

As you would expect with any form of financing, you will need to meet a few minimum requirements in order to qualify for Dimension Funding. For example, start-up companies in business for less than two years and companies with negative cash flow or other unfavorable trends will require some form of credit enhancement. To find out how to take advantage of the flexible financing options available through Dimension Funding contact your Dimension Funding representative.
