

Sage Exchange

sage

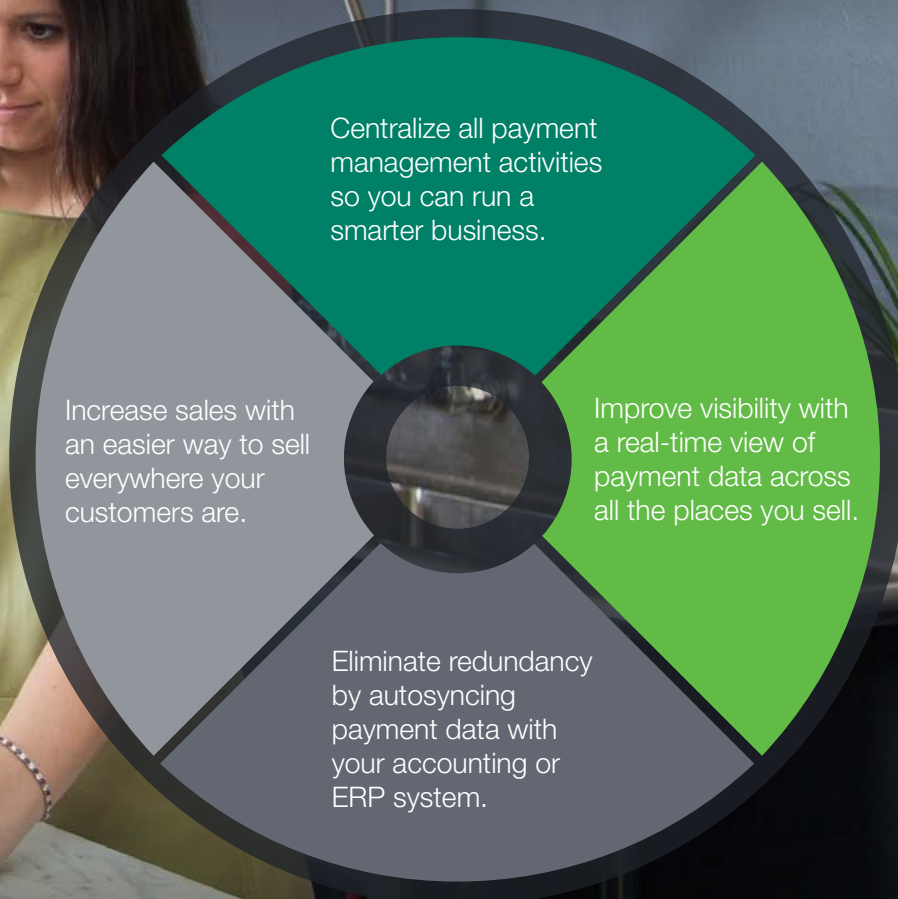

.....  
PAYMENTS SIMPLIFIED  
.....

# Sign on once. See your entire world of payments.

Sage Exchange is a simple, all-in-one payment management system. If you accept multiple forms of payment or sell in multiple places, Sage Exchange makes your job easier by helping you:

Why wait?

# Flexible payment options. Offer more types of payments in more places.

Today's customers aren't wallflowers. They expect to transact with your business on their own terms. Sage Exchange makes it easy to accept and manage the types of payment customers are asking for, in all the places they want to buy. Set up shop. Close more sales. Create happier, loyal customers.

## All types of payment

---

- Credit cards
- Debit/ATM cards
- Private label cards
- Gift cards
- Loyalty cards
- Paper checks
- Virtual checks (ACH)

## All points of payment

---

- Online/e-commerce
- Brick and mortar
- Mobile
- Mail order
- Telephone order
- Recurring payments

# All in one place. Access your entire world of payments from one screen.

---

What really sets Sage Exchange apart from other payment options is its ability to centralize everything payment related. With Sage Exchange, you will see, control, and configure all your payment activities across all the places you sell from a single screen, with a single sign on.

## Payments dashboard

---

Watch sales revenue add up across all payment types and locations as it's happening.

## Simple interface

---

Sage Exchange is instantly familiar; add new types of payment in a click.

## Keep it organized

---

Benefit from one place for every payment with every payment in its place.

## Go mobile

---

Sage Exchange is accessible anytime, everywhere, so you're always in the know.

# Ready for business. Sage Exchange is the only payment system you'll ever need.

Sage Exchange is business-ready by design. It goes beyond basic merchant services, providing all the payment solutions your business needs today and tomorrow. Want to start offering gift cards? Get set up in a click. Need payments to flow to your accounting system? With Sage Exchange, it's as easy as drag, drop, done.

## **Own the moment**

.....

Sage Exchange makes it easy to offer customers flexible payment options.

## **Get hooked up**

.....

Sage Exchange autosyncs payments with leading accounting or ERP systems—no IT help required.

## **Thwart fraudsters**

.....

Keep data safe with PCI-compliant, bank-grade security.

## **Support when you need it**

.....

Sage Exchange is backed by business-level support, so you get answers quickly.

# Embrace one place for all payments.

According to a recent survey,<sup>1</sup> the top three payment-related capabilities small and mid-sized businesses want are to:

1. See payment transactions add up in real time.
2. Access all payments with a single username and password.
3. Process all payment types and connect all payment devices.

For the first time, you can accomplish these tasks all in one simple solution: Sage Exchange.

There's never been an easier way to manage payments. Why wait? Simplify your payments today and get back to doing what you enjoy.

Take control  
of your  
payments.
