COMPLETE SOLUTION FROM ONE SOURCE

Our unique modular approach enables us to offer a true end-to-end EDI solution that is easy to use and unparalleled in scalability. We've taken the complexity out of implementing EDI by providing all four of the components you need to successfully deploy EDI:

Connectivity with your trading partner(s) is required to transmit EDI documents, whether directly via the Internet or through a "Value Added Network," or VAN. The TrueCommerce Trading Network (VAN) is our Internet-based transaction gateway, across which your EDI transactions are transmitted, providing connectivity with all of your trading partners. It is compliant with virtually any connectivity protocol, including AS1/AS2/AS3, FTP and (if required) VAN interconnects.

Web-based EDI Translation Software, TrueCommerce Transaction Manager, is our user-friendly translation software that converts business documents from raw EDI data (ANSI ASC X12 EDI standard) into a human-readable business form. TrueCommerce Transaction Manager can be deployed as on-premise software or as a web-based (SaaS) deployment hosted by TrueCommerce.

Data Mapping and Integration provide the ability to seamlessly send and receive information between Transaction Manager and your business system through the TrueCommerce Business System Plug-In™.

This is achieved by processing EDI transactions through a collection of intelligent software modules. These modules are programmed to format your inbound EDI transactions to match against your configurations within your business system as well as match your outbound transactions against your trading partner's requirements. As your business grows and you acquire new customers, additional trading partner maps can easily be added and seamlessly integrated with your TrueCommerce solution.

Support is a critical component of a complete, end-to-end EDI solution. Our Professional Services team has the broad range of expertise to handle not only all of your trading partners' requirements, but also any technical issues related to business system integration and the sending and receiving of your EDI documents. You can also count on the support team to provide the advice and guidance you'll need to be successful. Even if you aren't familiar or comfortable with EDI, we'll be there to help you get up and running, step by step.

We make EDI painless by providing small to mid-tier companies with comprehensive, end-to-end EDI solutions that are easy to use, robust and affordable.

Truecommerce EDI Solutions

AFFORDABLE

When it comes to EDI, TrueCommerce delivers unsurpassed value. Rather than requiring you to utilize a combination of expensive third-party providers, we deliver and support your entire EDI solution. This enables us to provide valuable cost-saving benefits that no one else can offer:

FREE, UNLIMITED PHONE ACCESS TO OUR FRIENDLY AND KNOWLEDGEABLE CUSTOMER SUPPORT PROFESSIONALS!

Available Monday through Friday, 8:00 a.m. to 7:00 p.m. EST.

FREE TRADING PARTNER MAP UPDATES!

When your trading partner modifies their EDI requirements or implements a new transaction, we'll send you an auto-installing upgrade to the associated Electronic Partner Plug-In™ (EPP) at no charge.

NO HIDDEN NETWORK FEES!

Enjoy substantial savings vs. traditional VAN fees.

NO ANNUAL CONTRACT OR ANNUAL MAINTENANCE FEES!

Cancel your TrueCommerce Trading Network subscription at any time if not completely satisfied.

ADVANCE SHIP NOTICE (ASN) MODULE AVAILABLE!

For added functionality, purchase TrueCommerce Electronic Labeling Plug-In™ and auto-generate UCC-128 numbers.

SYSTEM REQUIREMENTS:

Operating System - Windows 8.1, Windows 8, Windows 7, Windows Vista Basic, Premium, Business, or Ultimate, Windows Server 2012, 2008, and 2003 SP2

RAM - Minimum 1 GB

Minimum free hard disk space - 4 GB (available)

Broadband Internet Connection

IIS for Client/Server installation

More than 10,000 customers use TrueCommerce EDI Solutions to exchange tens of millions of EDI transactions annually within a variety of industries, ranging from retail and banking to healthcare and government.

TRUECOMMERCE EDI SOLUTIONS: AN END-TO-END EDI SOLUTION FROM ONE RELIABLE SOURCE, PROVIDING ALL OF THE FOLLOWING BENEFITS:

Single Source Solution

- Everything you need to successfully implement EDI from one source!
 - translation software
 - data mapping
 - accounting system integration
 - network services
 - technical support

Easy to Use

- As intuitive to use as email
- Point-and-click functionality
- Requires little or no training to begin using
- Includes a step-by-step user's guide that's written in easy-to-understand language and incorporates screen captures to guide you through most tasks.
- Backed by free support!

Connects to Any Trading Partner

- Including those requiring the use of AS2 or a specific Value Added Network (VAN)
- Over 23,000 trading partner mappings and growing

Robust Functionality

- Supports any ANSI ASC X12 transaction
- Can be installed on an individual desktop, or on a server to allow multiple, simultaneous users
- Available scheduler enables an automated approach to handling common tasks such as sending, receiving, importing and exporting transactions and backing up data
- Item ID translation tables and default information lookup tables included to reduce or eliminate manual data entry
- Automatically send, receive and view acknowledgments confirming transactions are received
- Includes Microsoft® SQL Server Express

Offers Unbeatable Business Value

- Annual network savings of 30% to 50% compared to EDI solutions offering comparable functionality
- No annual subscription or maintenance fees!
- No annual contract required or early termination fees!
- No AS2 license fees, mailbox fees, peak hour surcharges, delimiter conversion fees or other hidden service fees!
- Free software updates! If your trading partner changes a specification or adds a transaction, we'll update your data mapping at no charge!
- Free unlimited support!

System Requirements (Applies to on-premise solution only)

- Windows 8.1, Windows 8, Windows 7, Windows Vista Basic, Premium, Business, or Ultimate, Windows Server 2012, 2008, and 2003 SP2
 - Processor – Minimum 2 GHZ • RAM – Minimum 1GB
 - Minimum free hard disk space – 4GB (available)
 - Broadband Internet connection*
 - IIS for Client/Server installation
 - Microsoft SQL Server 2014, 2012, 2008 and 2005 (SQL 2008 Express included with installation)
- (*applies to web-based solution as well)
